

# **ENTP / INTP: My Hybrid Role**

## **My Myers-Briggs Traits**

### **ENTP**

- Stands for - Extraversion iNtuition Thinking Perceiving
- Archetypes - “The Visionary”, “The Trailblazer”, “The Debater”

### **INTP**

- Stands for - Introversion > iNtuition > Thinking > Perceiving
- Archetypes - “The Thinker”, “The Architect”, “The Logician”

### **Strengths**

Creative, Innovative, Energized by Intellectual Risk; Explore new ideas, challenge assumptions, push boundaries, Curious, Intuitive, Challenges Everything ('cynical' to some); Thinking, Logical, Adaptable; Open-Minded, Objective; Independent, Flexible, Easy-Going; Original; Future-Focused; Problem Solver, Everything is an experiment; Imaginative; Quick-witted. Outspoken. Non-Conventional; Carefree. Spontaneous.

Observations:

## **Weaknesses**

Stubborn, Sometimes Argumentative - views ‘debate’ as sport when others may not have the same belief. Sometimes Unfocused - I jump from 1 mental ‘playground’ to another, sometimes before one is fully developed. Can be non-committal. May struggle with routine tasks.

Observations: reframe routine tasks or automate them.

## **Hybrid**

I toggle between the 2 dominant functions of ‘Extraverted Intuition’ & ‘Introverted Thinking’

### **Core Dynamics (ENTP + INTP Hybrid)**

- Toggle between E & I - energized by exploring ideas with others, retreat to think deeply alone.
- Ideate Socially, Refine Privately - energized by exploring ideas with others, often retreat to think deeply alone.

Auxiliary Function

Ideate socially, refine privately. Ideal for Real Estate Strategy.

Social Style

Engage dynamically being mindful of recovery time. Social sprints, not marathons.

Challenge
