PURPOSE STATEMENT

“This business plan is for my 2026 real estate business. It must be strategic, structured, and actionable.”

TARGET AUDIENCE

This business plan is targeted at myself, my managing broker Frankie, and my success coach Jarrett.

TONE & STYLE

Professional, strategic, design-forward, concise but comprehensive, with visual frameworks.

FORMATS TO OUTPUT

Format 1 - Internal

For the output of the internal-use business plan, precisely follow the structure in the outline located here:

Business-Plan-2026-Source-Material-v1/09Other/Business-Plan-Final-Outline.txt.

Do not deviate from the outline.

Format 2 - Executive Summary for Frankie

For the business plan intended for Frankie, create a shortened 'executive summary' style format, and you can combine or omit parts of the outline as needed.

Format 3 - Checklist or 'To Do' List for my meetings with Jarrett.

Be selective about what to include: I need to present Jarrett with a weekly checklist for every week of the year. Omit much of the higher-level thinking or strategy. Jarrett is only concerned that I achieve my weekly goals and objectives like prospecting, social posts, and similar, and monthly and quarterly goals.
